INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Habitat for Humanity of Jacksonville, Inc. Jacksonville, Florida

We have audited the accompanying financial statements of Habitat for Humanity of Jacksonville, Inc. (a non-profit organization), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, statements of functional expenses and statements of cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Habitat for Humanity of Jacksonville, Inc. as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2020, on our consideration of Habitat for Humanity of Jacksonville, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Habitat for Humanity of Jacksonville, Inc.'s internal control over financial reporting and compliance.

<u>1. Organization and Purpose</u>

Habitat for Humanity of Jacksonville, Inc. (the Organization) was established March 28, 1988, to provide affordable housing for low-income families in the Jacksonville, Florida area who have demonstrated a housing need, have the ability to repay a non-interest bearing mortgage, and have the willingness to volunteer 300 hours of their time to the project. These houses are constructed with the assistance of volunteer labor.

The Organization also operates two stores at which donated supplies that are not designated for Organization homes are sold.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting. The significant accounting policies followed are described below.

Basis of Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958-205, Not-for-Profit Entities, Presentation of Financial Statements. During 2018, the Organization adopted the provisions of Accounting Standards Update ("ASU") 2016-14: Not-for-Profit-Entities (Topic 958) Presentation of Financial Statements of Not-for-Profit Entities, which improves the current net asset classification and the related information presented in the financial statements and notes about the Organization's liquidity, financial performance, and cash flows.

Revenue and Cost Recognition

Revenue from Exchange Transactions: The Organization recognizes revenue in accordance with FASB ASU 2014-09, *Revenue from Contracts with Customers*, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

<u>ReStore sales</u> – To help fund the Organization's ability to provide affordable housing for lowincome families the Organization operates two home improvement retail stores, which sells a wide assortment of building materials and home improvement products. The performance obligation is the delivery of the goods to the consumer. The transaction price is established by the Organization based on retail prices. As each item is individually priced, no allocation of the transaction price is necessary. The Organization recognizes revenue as the customer pays and takes possession of the merchandise. Some merchandise is sold with the right to return. If probable custom returns exist at the end of an accounting period, the Organization estimates and records in its financial statements as liability for such returns, which offsets revenue. No liability for probable customer returns was considered necessary as of June 30, 2020 and 2019.

<u>Home sales -</u> The Organization recognizes revenues from construction of homebuilding contracts at the closing of the sale using the deposit method. During construction, all direct material and labor costs and those indirect costs related to acquisition and construction are capitalized, and all customer deposits are treated as liabilities. Capitalized costs are charged to earnings upon closing. Costs incurred in connection with completed homes and general and administrative

costs are charged to expense as incurred. Payment typically is due over time in installments, based on terms specified in the contracts. All mortgages and contracts for deed are due based on the notes terms. Construction costs include all direct material and labor cost, subcontract cost and those indirect costs related to construction of the home, such as indirect labor, supplies, tools, and repairs. Selling, general and administrative costs are charged to expenses as incurred.

Contributions

Contributions received are recorded as with donor restriction or without donor restriction depending on the existence and/or nature of any donor restrictions. Contributions that are with restriction by the donor are reported as increases in net assets without restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. When a restriction expires, net assets with restriction are reclassified to without restriction and are reported in the Statements of Activities as assets released from restriction.

Donated Materials, Long-lived Assets, Facilities & Services

Donated land, buildings, equipment, investments, and other noncash donations are recorded as contributions at their estimated fair value at the date of donation. Long-lived assets or the use facilities are recorded as contributions in the period received at fair value. The Organization reports the donations as unrestricted support, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets must be used, and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Donated services that do not require specialized skills or enhance nonfinancial assets are not recorded in the accompanying financial statements because no objective basis is available to measure the value of such services. A substantial number of volunteers have donated significant amounts of their time to the Organization's program services and its fundraising campaigns, the value of which is not recorded in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, cash equivalents include time deposits, certificates of deposit, and all highly liquid debt instruments with original maturities of three months or less.

Restricted Cash

New Market Tax Credit restricted cash is funds set aside for new construction in process and operating expenses of the NMTC. The balance at June 30, 2020 and 2019 was \$77 and \$76, respectively.

Investment in New Market Tax Credits

In November 2017, the Organization invested in a New Market Tax Credit (NMTC) financial joint venture, HFHI NMTC Leverage Lender 2016-1, LLC, along with ten other Habitat affiliates, to take advantage of tax credit equity funding. The investment is accounted for using the equity method and the carrying amount of the investment is increased for the Organization's proportionate share of the joint venture's earnings and decreased for the Organization's proportionate share of the joint venture's losses and distributions.

Mortgage Notes Receivable

The Organization has a policy of selling affordable housing with interest free mortgages. Therefore, mortgages receivable do not have a stated interest rate. Receivables are assessed individually for collectability based on the surrounding facts and circumstances and management's past history. The Organization does not maintain an allowance for uncollectible mortgages receivable because the houses are sold at or below market prices and the Organization has the ability to foreclose on properties and resell them to collect any past due amounts. All mortgages and contracts for deed are due based on the notes terms. Management believes all mortgages and contracts for deed receivable are realizable through either collection or foreclosure proceeds, if not collected.

Inventories

Inventories consist of construction supplies, homes, and ReStore inventory. The construction supplies and ReStore inventory are valued at the lower of cost or market. Cost is determined on the first-in, first out method. Donated items are recorded at estimated fair value at the date of donation. Home inventory consists of houses and lots constructed or purchased by the Organization for the rehabilitation and resale. The houses and lots are valued at the lower of specific acquisition and carrying costs or estimated net value. Any additional costs to rehabilitate the homes are added to the carrying cost of the home.

Repurchased Homes

Repurchased homes acquired through or in lieu of loan foreclosure are initially recorded at the lesser of outstanding loan balance less the outstanding discount on the loan or fair value. Any write-down on the asset to fair value at the date of acquisition is charged to loss on the Statement of Activities. Cost of significant property improvements are added to the cost of the home, whereas costs relating to holding the property are expensed.

Property and Equipment

Acquisitions of property and equipment are capitalized at cost, or if donated, at fair value at the date of donation. Maintenance and repairs that do not improve or extend the lives of property and equipment are charged to expense as incurred. When assets are sold or retired, their cost and related accumulated depreciation are removed from the accounts and any gain or loss is reported in the Statement of Activities. Depreciation is computed using straight-line and accelerated methods over the useful lives of the assets.

Long-lived assets to be held and used by the Organization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. In the event that facts and circumstances indicate that the cost of any long-lived assets may be impaired, an evaluation of recoverability would be performed following generally accepted accounting principles.

Habitat for Humanity of Jacksonville, Inc. (a non-profit organization) Notes to the Financial Statements June 30, 2020 and 2019

Notes Payable

Notes payable are recorded at their outstanding principal amounts.

Income Taxes

The Organization is a not-for-profit corporation exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. As such, the Organization is not taxed on income derived from its exempt functions. However, the Organization is subject to tax on unrelated business income, which is generated from the Organization's investment income and other activities not related to their stated exempt purposes. The Organization had no deferred income tax assets or liabilities as of June 30, 2020 and 2019. The Organization is no longer subject to U.S. Federal income tax examinations by the tax authorities for years before June 30, 2017.

Valuation

To best reflect economic realities and comply with certain grant requirements, the selling price of new homes is at or below market prices. The mortgage receivable due from the homeowner is adjusted to reflect the value of significant volunteer credits in the form of internal down payment assistance, thus meeting the requirements of the national organization.

Functional Classification of Expenses

The costs of providing affordable housing for low-income families and supporting services have been summarized on the Statement of Activities on a functional basis. Most expenses can be directly attributed to the program or supporting functions. Certain categories of expenses are attributed to more than one functional category. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses in this category include rent, office and premises, professional fees, insurance, vehicle expenses, special events, telephone and communications, salaries and wages, payroll taxes, and other expense. The financial statements report expenses by function in the Statements of Functional Expenses.

Compensated Absences

Employees of the Organization are entitled to paid vacation and sick days depending on job classification, length of service, and other factors. The Organization's policy is that employees may not roll over unused vacation days. Accordingly, compensated absences have not been accrued.

Date of Managements' Review

Subsequent events have been evaluated through October 21, 2020, the date these financial statements were available to be issued.

Accounting Pronouncements Adopted

As of July 1, 2019, the Organization adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (Topic 606), as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. Results for reporting the years ending June 30, 2020 and 2019 are presented under FASB ASC Topic 606. The ASU has been applied retrospectively to all periods presented, with no effect on net assets or previously issued financial statements.

In 2020, the Organization adopted the provisions of FASB ASU 2016-18, *Statement of Cash Flows* (Topic 230). This ASU requires that a statement of cash flows explain the change during the period in the total cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The amendments in the ASU do not provide a definition of restricted cash or restricted cash equivalents. The Organization has applied the provisions of ASU 2016-18 retrospectively to all periods presented with no effect on net assets or previously issued financial statements.

Recently Issued Accounting Standards

The following accounting pronouncements was recently issued by the FASB:

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842). This ASU requires that a lease liability and related right-of-use-asset representing the lessee's right to use or control the asset be recorded on the statement of financial position upon the commencement of all leases except for short-term leases. Leases will be classified as either finance leases or operating leases, which are substantially similar to the classification criteria for distinguishing between capital leases and operating leases in existing lease accounting guidance. As a result, the effect of leases in the statement of activities and changes in net assets and the statement of cash flows will be substantially unchanged from the existing lease accounting guidance. In 2019, the FASB delayed the effective date for nonpublic entities to fiscal years beginning after December 15, 2020. Early adoption is permitted. The Organization is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

3. Liquidity and Availability of Funds

The Organization's financial assets available for general expenditure that are without donor or other restrictions limiting their use, within one year of the statement of financial position date are as follows:

	<u>2020</u>	<u>2019</u>
Cash Certificates of deposit Pledges receivable	\$ 3,108,634 859,446 118,000	\$ 1,813,437 - 250,450
Accounts receivable - other	110,158	102,618
Total financial assets at year end	\$ 4,196,238	\$ 2,166,505
Total financial assets available to meet general expenditures within the next 12 months	\$ 4,196,238	\$ 2,166,505

As part of the Organization's liquidity management, it has a policy to structure financial assets to be available as its general expenditures, liabilities, and other obligations come due.

4. Investment in New Markets Tax Credit

In November 2017, the Organization invested along with 10 other Habitat affiliates, in a joint venture (HFHI NMTC Leverage Lender 2016-1, LLC) to take advantage of New Markets Tax Credit (NMTC) financing. NMTC financing allows an entity to receive a loan or investment capital from outside vendors, who will receive new market tax credits to be applied against their federal tax liability. The Organization invested a combination of cash and construction in progress totaling \$977,841 for a 4.53% ownership stake and securing a loan in the amount of \$1,450,557 payable to HFHI NMTC SUB-CDEHHS. The result was the Organization receiving \$845,172 to be used solely for the purpose of constructing and selling qualified housing projects to low-income residents.

The balance of the investment in HFHI NMTC Leverage Lender 2016-1, LLC is as follows:

	<u>2020</u>	<u>2019</u>
Balance, beginning of year	\$ 977,841	\$ 977,842
Share of income	9,778	9,778
Distributions	(9,780)	(9,779)
Balance, end of year	\$ 977,839	\$ 977,841

The NMTC has restricted cash in the amount received from loan proceeds, less the construction in process transferred. Restricted cash is to be used for new construction in process and operating expenses of the NMTC. The balance of restricted cash at June 30, 2020 and 2019 was \$77 and \$76, respectively.

5. Pledges Receivable

Unconditional promises to give are recorded as receivables and revenue when received. The Organization distinguishes between contributions received for each net asset category in accordance with donor-imposed restrictions. Management has determined that the pledges receivable are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary at June 30, 2020 and 2019.

6. Mortgage Notes Receivable

The Organization provides 100% financing on homes purchased over a 15 to 30 year period at no interest. Generally Accepted Accounting Principles (GAAP) require that contractual rights to receive money in the future be recorded at the present value of the consideration given in exchange.

The value of the house given in exchange for the mortgage note is deemed to be the present value of all future mortgage principal payments using an imputed interest rate. The difference between the face amount of the note and its present value is accounted for as a discount, recorded on the Statements of Financial Position reducing mortgage notes receivable, and amortized over the life of the note by the interest method. Present value is calculated using rates determined for the year the mortgage was executed. Rate used for the years ending June 30, 2020 and 2019 was 7.66% and 7.58% respectively.

The Organization has an underwriting agreement with a commercial bank, whereby the bank acts as an underwriter and loan processor. At closing, the bank issues payment to the Organization. After finalization and approval, the Organization purchases the mortgage from the bank dollar for dollar, plus certain closing costs. Loans awaiting final approval for payment to the bank are reflected as a mortgage purchase liability on the Statements of Financial Position.

	<u>2020</u>	<u>2019</u>
Mortgage notes receivable	\$ 24,560,806	\$ 29,610,338
Less: Unamortized discount	(12,091,316)	(14,685,057)
	\$ 12,469,490	\$ 14,925,281

All notes are collateralized by a first mortgage lien on the real property sold. In the event of a default by the mortgagor, the property may be repossessed to satisfy any outstanding obligations. In addition, all mortgages are non-assumable without prior written approval of the Organization.

Since all houses are collateralized by a first mortgage lien and a high demand for affordable housing in the area, the Organization has made no allowance for uncollectible mortgages.

Periodically the Organization will sell mortgage receivables at a discount of face value.

The Organization is obligated to swap out any of the mortgages sold if any become significantly in arrears.

As of June 30, 2020 and 2019, the Organization had 133 delinquent loans, with approximate delinquent amounts of \$297,000 and \$289,000, respectively. The total principal balance for the delinquent mortgages as of June 30, 2020 and 2019 is approximately \$4,905,000 and \$4,953,000, respectively.

Included in mortgage notes receivable at the end of June 30, 2020 and 2019 were 3 and 3 mortgages totaling \$106,145 and \$106,145 respectively, on houses completed and closed but for which clear title has not been obtained. The title issues relate to land deeded by a governmental entity. During the year ended June 30, 2008, the Organization closed these mortgages without title insurance, indemnifying the homeowners of any potential future issues, which the Organization believes are remote.

Mortgages totaling \$6,854,997 are pledged as collateral on the line of credit at June 30, 2020.

7. Inventory

All construction costs, including materials and subcontract labor paid by the Organization as well as the value of those items donated to the Organization, are considered construction in progress until a mortgage is signed on the house.

At June 30, 2020 and 2019, there were 10 completed but unclosed houses as well as 12 and 8 homes in process, respectively. There were 5 and 2 repurchased homes at June 30, 2020 and 2019 respectively. The detail of the inventory is as follows:

	<u>2020</u>	<u>2019</u>
ReStore inventory	\$ 141,027	\$ 36,237
Construction supplies	71,281	75,708
Construction in progress	1,359,480	1,251,051
Repurchased homes	395,098	161,799
	\$ 1,966,885	\$ 1,524,795
8. Property and Equipment		
Major classes of property and equipment are as follows:		
	<u>2020</u>	<u>2019</u>
Land and buildings	\$ 1,228,158	\$ 1,223,208
Office equipment	224,400	283,173
Vehicles	226,253	186,949
Construction equipment	108,880	114,245
	1,787,691	1,807,575
Less accumulated depreciation	(965,417)	(960,364)
	\$ 822,274	\$ 847,211

9. Deposits and Payments on Houses Awaiting Closing

As stated in Note 1, families must meet certain requirements before they can sign a mortgage on a house. Families receive a rent credit at the time the house is closed, at which time it is applied to reduce the mortgage. In addition, down payments of 1% of the home contract sale price are collected on all houses and applied to reduce the mortgage at closing.

10. Line of Credit

The Organization has a line of credit with TIAA Bank, allowing for borrowings up to \$4,000,000, subject to a borrowing base calculation, with interest at one-month LIBOR rate plus 2.5%, with a floor rate of 3.50% and a ceiling rate of 5.50%, currently at 3.5% at June 30, 2020, with interest payable monthly. The line of credit is collateralized by mortgage receivables and inventories of the Organization. At June 30, 2020 and 2019, the Organization had drawn \$1,125,000 and \$2,225,000, respectively, on the line of credit.

<u>11. Notes Payable</u>

The Organization had the following notes payable at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Unsecured, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$442 beginning January 2020 and maturing December 2023.	\$ 21,250	\$ 21,250
Unsecured, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$130 beginning July 2019 and maturing June 2023.	3,520	4,690
Unsecured, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$260 beginning July 2019 and maturing June 2023.	10,550	11,720
Unsecured, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$520 beginning July 2019 and maturing June 2023.	12,043	13,603
Unsecured with \$6,250 of available funds, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$130 beginning January 2018 and maturing January 2022.	2,740	3,910
Unsecured with \$37,000 of available funds, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$770 beginning January 2017 and maturing December 2020.	6,970	13,900
Note payable under the SBA Payroll Protection Plan, interest at 1.00%, interest accrued for first six months, payable in monthly installments of principal and interest in two years. Payments may be deferred up to one year. Loan principal and accrued interest can be fully forgiven depending on use of funds as determined by the SBA. The Company expects 96.47% of the loan to be forgiven.	396,122	_
Vehicle loan of $32,614$ with a commercial bank with interest at 4.40% neurophic in 60 monthly principal and interest neurophic of		
4.49%, payable in 60 monthly principal and interest payments of \$609 beginning March 2017 and maturing February 2023, loan satisfied in current year.	-	18,316

Unsecured with \$81,000 of available funds, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$1,687 beginning January 2016 and maturing December 2019, loan satisfied in current year.	-	10,146
Unsecured with \$35,000 of available funds, non-interest bearing note payable to affiliate, payable in 48 monthly principal payments of \$729 beginning July 2016 and maturing June 2020, loan satisfied in current		
year.	-	2,522
	453,195	100,057
Less current portion	(200,808)	(40,997)
Long-term portion	\$ 252,387	\$ 59,060
Principal payments on notes payable for each of the payt five years	are as follows:	

Principal payments on notes payable for each of the next five years are as follows:

2021	\$ 200,808
2022	237,035
2023	8,824
2024	6,494
2025	34
	\$ 453,195

<u>12. NMTC Loan Payable</u>

The Organization has \$1,376,933 loan payable to HFHI NMTC SUD-CDE II, LLC as part of the New Market Tax Credit financing. The loan is a 30-year loan commencing November 2017. Interest is charged at a fixed annual rate of .674252% and paid semiannually. The note is interest only for 7 years. Principal payments are scheduled to begin May 2025. The loan has a put option feature, defined in an option agreement that is expected to be exercised in 2025, effectively removing the liability. The loan is secured by substantially all the assets acquired by the Organization from the proceeds.

Loan costs incurred with the loan were \$80,836. Accumulated amortization at June 30, 2020 and 2019 was \$4,507.

13. Lease Commitments

The Organization leases the space for one ReStore through June 2021 under an operating lease with monthly payments of \$17,474, adjusted annually. A second ReStore is leasing space through April 2024 under an operating lease with monthly payments of \$17,183 for 60 months and then \$18,504 for 24 months. The Organization has various operating leases for office equipment and vehicles.

Future estimated lease payments under non cancelable operating leases for the next five years and in the aggregate are as follows:

2021	\$ 441,684
2022	221,116
2023	228,504
2024	222,054
2025	204,872
	\$ 1,318,230

<u>14. Concentrations of Credit Risk</u>

Since the Organization's home sales are concentrated within one geographic location (Duval County) to individuals who may otherwise not qualify for home mortgage financing, there is a significant concentration of credit risk associated with the Organization's mortgage notes receivable. In an effort to minimize this risk, it is the Organization's policy to require credit reports and employment verifications on all potential homeowners. Additional protection is provided by the recorded first mortgage lien on the real property during the period the mortgage is outstanding and the non-assumable nature of the mortgage without prior written approval of the Organization. The risk is further addressed by the loans being carried at a significant discount as discussed in Note 4.

The Organization maintains its cash and cash equivalents in several financial institution accounts, which may, at times, exceed the federally insured limit of \$250,000 set by the Federal Deposit Insurance Corporation (FDIC). The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash held in such institutions. As of June 30, 2020, the uninsured portion of the balances was \$2,300,717.

15. Affiliation

The Organization is an affiliate of Habitat for Humanity International, Inc.

16. Retirement Plan

The Organization has a 401(k) retirement plan. The Organization matches 50% of the employee contributions up to 6%. An employee is vested after two years. The total employer contributions for June 30, 2020 and 2019 were \$31,563 and \$33,755, respectively.

<u>17. Separate Cash Accounts</u>

Certain grants require separate cash accounts and/or accounting. The Organization is in compliance with these requirements.

18. In-kind Donations

In-kind donations are valued at estimated fair value. Total in-kind donations were \$260,865 and \$241,204 for the years ended June 30, 2020 and 2019, respectively. Donations were primarily land, construction supplies and related professional services.

19. Net Assets with Donor Restrictions

Net assets with donor restrictions at June 30, 2019 consisted of a \$1,100,000 contribution designated for a specific construction project. The construction began June 30, 2017 and the remaining restricted portion at June 30, 2019 was \$18,000. The restricted portion remaining at June 30, 2020 was \$0.

Also reflected in net assets with donor restrictions at June 30, 2018, was a \$650,000 contribution designated for specific natural disaster construction and related projects. The remaining donor restrictions portion at June 30, 2019 was \$26. The restricted portion remaining at June 30, 2020 was \$0.

20. Subsequent Events

On September 3, 2020, the Organization sold 75 mortgage loans receivable with principal balances of \$4,603,475 and unamortized mortgage discount of \$2,383,223 to an unrelated party for \$3,516,118. The sale resulted in a gain of \$1,295,866. Under the terms of the sale, the Organization is required to substitute any loan as a result of a breach of any of the representations and warranties set forth in the purchase and sale agreement.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern". During 2020, the Organization postponed and canceled multiple events as a result of the pandemic. The Organization expects this matter to negatively impact its operating results. However, the extent of the impact of the COVID-19 on the Organization's operational and financial performance cannot be reasonably estimated at this time.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Habitat for Humanity of Jacksonville, Inc. Jacksonville, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Habitat for Humanity of Jacksonville, Inc. (a non-profit organization), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 21, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Habitat for Humanity of Jacksonville, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the effectiveness of Habitat for Humanity of Jacksonville, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Habitat for Humanity of Jacksonville, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However. providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
